

# KLEAROTIC™

## Ear Cleanser

- Formulated for dogs and cats
- Non-ototoxic
- Non-acidic
- Gentle ceruminolytic

## Indications

For routine ear cleansing and dewaxing.

Useful when treating Ceruminous Otitis (prevalent in Cocker Spaniels).

Use to remove debris from ears infested with *Otodectes cynotis*.

## Ingredients

### 22 % Squalene:

- A natural, organic ceruminolytic, used to break down waxy build up (cerumen).

*“In studying the ototoxicity and inflammatory reactions of various otic cleansers on the middle ear mucosae, squalene was found to not cause inflammation nor any degree of hearing loss. It was also recommended to not apply any of the studied ceruminolytic agents when the tympanic membrane may be perforated, again with the exception of squalene.”<sup>1</sup>*
