 Ⓐ EPA Est. No. 11623-GA-3
 Ⓑ EPA Est. No. 11623-GA-1

Circled letter in front of the EPA Est. No. corresponds to the first letter in lot number on bottom of container.

Adams™ Plus Flea & Tick Carpet Spray kills adult fleas, hatching flea eggs, flea larvae, ticks, roaches, ants, water bugs, silverfish, crickets, spiders, sowbugs, and carpet beetles. It contains an Insect Growth Regulator (IGR) along with other ingredients to kill the adult fleas and prevent flea larvae from developing into biting adults. Reaches the hiding places of the flea: rugs, carpets, drapes, pet bedding, upholstery and furniture. Protects the household from a buildup of fleas and reinfestation. When applied at the maximum rate, one treatment protects for 7 months. For best results, use Adams™ Plus Flea & Tick Carpet Spray together with other Adams™ products for complete control of fleas and ticks.

PRECAUTIONARY STATEMENTS – HAZARDS TO HUMANS AND DOMESTIC ANIMALS – CAUTION: Contains petroleum distillates. Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Repeated exposure to etofenprox can cause skin irritation.

FIRST AID	
IF SWALLOWED	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.
IF IN EYES	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN/VETERINARIAN: Contains petroleum distillate. Vomiting may cause aspiration pneumonia.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may contact 800-234-2269, 24 hours per day, 7 days per week.

PHYSICAL AND CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate. Exposure to temperatures above 130° F may cause bursting. Do not smoke while using this product. Do not allow product to freeze.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. **READ THE ENTIRE LABEL PRIOR TO USE. USE STRICTLY IN ACCORDANCE WITH ALL LABEL PRECAUTIONS AND DIRECTIONS.**

GENERAL PRECAUTIONS AND RESTRICTIONS

Do not allow adults, children, or pets to enter the treated area until sprays have dried. Do not wet articles to point of runoff or drip. Do not use treated article until spray has dried.

Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.

To apply at the maximum rate, spray for 12 seconds to cover a 5 ft X 10 ft area. To apply at a lower rate and cover more area, spray for 12 seconds to cover a 10 X 10 ft area.

**SHAKE WELL BEFORE USE
 THIS PRODUCT IS NOT FOR USE ON HUMANS OR PETS.**

Do not apply this product in a way that will contact adults, children, or pets either directly or through drift. Remove pets, birds, and cover fish aquariums before spraying.

Indoors: Thoroughly vacuum all carpeting, upholstered furniture, along baseboards, under furniture, and in closets. Seal vacuum bag and dispose of in trash outdoors. For newly established or light flea/tick infestations, a single can treats 2000 square feet.

To apply at a lower rate and cover more area, spray for 12 seconds to cover a 10 X 10 ft area. To apply at the maximum rate, spray for 12 seconds to cover a 5 ft X 10 ft area.

Remove protective cap. Make a test application to upholstery or drapery fabrics in an inconspicuous place before use. Spray Adams™ Plus Flea & Tick Carpet Spray from 2 feet to 3 feet away from surface being treated. Apply with a smooth back-and-forth motion to carpets, drapes, rugs, and upholstered furniture. A fine mist spray that is evenly applied will do the job properly. Do not spray wood furniture, floors, or trim as water spotting may occur. Repeat treatment as necessary to control fleas and ticks.

Apply directly to exposed insects - roaches, ants, spiders, crickets, water bugs, silverfish, sowbugs, and carpet beetles: Spray areas where these pests are found or may hide, including dark corners of rooms and closets, cracks and crevices, along baseboards and door sills and frames, behind sinks, stoves, refrigerators, and cabinets, and around garbage cans, plumbing and other utility installations. Directly spray pests driven out of hiding places. Spray ant trails, nests, and points of entry. Repeat as necessary.

On Pet Bedding: Treat pet bedding and resting places. Apply a uniform application of Adams™ Plus Flea & Tick Carpet Spray to nearby cracks and crevices, along and behind baseboards, window and door sills, and localized areas of floors where fleas or ticks may be present as these are primary hiding places for fleas. Pet bedding does not need to be removed after treatment.

Indoor Kennels:

REMOVE PETS BEFORE SPRAYING.

Spray Adams™ Plus Flea & Tick Carpet Spray from 2 feet to 3 feet away from surface being treated. Apply with a smooth back-and-forth motion. A fine mist spray that is evenly applied will do the job properly. Repeat treatment as necessary to control fleas and ticks. For best results, treat pets with a registered on-animal product before they return to the treated areas.

STORAGE AND DISPOSAL

STORAGE: Do not store near heat or open flame. Store in cool, dry area away from children.

CONTAINER DISPOSAL: Do Not Puncture or Incinerate! If empty, place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

Contains no CFC's or other ozone-depleting substances. Federal regulations prohibit CFC propellants in aerosols.
